

FPHD11

The Macdonald FPHD11 scabbler is designed for fast effective removal of laitance, roughening and reduction of levels without damaging the substructure.

U5VR

The Macdonald U5VR scabbler is specifically designed to roughen the surface without damaging the base concrete. Ideal for keying concrete prior to the next pour or for concrete removal.

Model	FPHD11	U5VR
Weight	70kg	111kg
Length	813mm	1000mm
Work Width	250mm	350mm
Air Consumption	55cfm	150cfm
Noise	110.5dB(A)	107dB(A)
Vibration	5.0m/s ²	4.5m/s ²
Working Pressure	6bar/90psi	
Air Hose	19mm
