

**RDE6500T**

**KDE6500TN**

**RDE12STAi3**

- High-efficient combustion system ensures sufficient combustion; muffler reduces exhaust noise greatly; engine noise is isolated in double structure & absorbed by special lining.
- All operation functions of the generator set are on the control panel, with a digital readable display showing operation time, output voltage and current. Breakers can protect generator set from overload damage.
- Excitation mode is self excitation and constant voltage (with iAUR); all generator is diesel type.

Model	KDE6500TN	RDE6500TI	RDE12TI	RDE12STAi3
Frequency	50Hz			
Rated Power	5.5kVA	4.5kVA	8.5kVA	10-11.5kVA
Max. Power	6kVA	5.0kVA	9.5kVA	11-12.65kVA
Voltage	230v		400v	
Rated Current	20A	19.6A	37A	14.4A
Rated Speed	3000r/min			
Phase	Single Phase		Three Phase	
Output (Receptacle)	2 Single Phase			
Noise Level	72dB(A)			
Fuel Tank Capacity	15L		26L	
Dimension	910x530x740(mm)		1350x650x760(mm)	
Weight	145kg		310kg
