

STEP 120

The Mighty SMALL 50 can operate continuously on 230v. This machine has the ability to spray or pump up to 3.5 gallons of material per minute through 85 ft. of 1" hose. The versatility of the Mighty SMALL 50 is very impressive - spray fire proofing, pump grout into door jams, fill moulds at precast plants, spray stucco onto residential homes, apply grout to finish rock walls. Easy to use, easy to clean, it's a money making machine.

Step 120 is a three-phase plaster sprayer for the professional plasterers with conventional mortar and premixed materials. For spraying and pumping conventional mortar and premixed plasters, fibre-reinforced and refractory mortars, grouting, fireproof materials, self-levelling screeds, for reinforcing injections at controlled pressure. It can also perform high volume grouting at required controlled pressure.

SMALL 50

Model	SMALL 50	STEP 120
Motor Power Rate	1.5kW	Speed 1 - 3.6kW Speed 2 - 4.8kW
Compressor Flowrate	220L/min	310L/min
Max Grain Size	6mm	8mm
Max Flowrate	0.8-14L/min	17/35L/min
Pumping Distance	ø19mm-15m, ø25mm-25m	Horizontal-60m Vertical-30m
Hopper Capacity	50L	120L
Weight	69kg	280kg
Dimension(WxLxH)	520x1120x650(mm)	820x2040x960(mm)
Voltage	230v	400v
